SEVENTH YEAR.

MAYSVILLE, KY., SATURDAY, MAY 28, 1898.

ONE CENT.

Story Circulation
LARGEST IN THE CITY.

Purely Business!

The columns of a newspaper represent a cash value. No publisher can afford to give advertising "potatoes" free any more than a merchant can afford to give his customer free gifts of dry goods or shoes. A newspaper is a business enterprise. Its columns are its stock in trade, and advertisements should be paid for, no matter in what part of the paper they appear.

Greater!

Than Ever is Our
Spring and Summer Stock.

That the populace realize this is evidenced by the throng our store has been honored with since the first of the month. The well known fact that no garment is offered to the public at our store unless we are assured that it is perfect in fit, gives an assured guarantee to our customers that they are perfectly safe to entrust themselves to our hands. Moreover, you are not required to guess at the price of what you buy. All of our goods are marked out in plain figures. It's the price; no more nor less.

We want to call your attention to our line
Crash Suits!

Although we had but one or two days warm weather we have sold a surprising number already. They are pronounced by our best dressers the handsomest and most comfortable ever sold here. We want you to call and see them.

Our Hopkins Straw Hats

Are now ripe. None like them. See them in our window.

Our Negligee Shirts

From the celebrated manufacturer, the Manhattan Company, New York, and Samuel Sternberg & Co., Philadelphia, are the rage. See them in our window. We want you to call and see our

SHES.

That department we are right earnestly proud of. Those that have seen our best advertisements. They say our shoes combine more comfort and more solid wear than any shoes they ever wore. We warrant every pair we sell. An elegant line of Boys' Shoes just in.

CRASH SKIRTS at 39c.

We are showing a complete line of Linen Crash, Duck and Pique Ready-to-wear skirts that compare favorably with the stock of metropolitan stores. We bought you to buy quantities at a price so as to dispose of them at quick-selling prices. The 39c skirt is the one you're paying 70c for elsewhere. There are more Crash Skirts at 75c, 81 25, 81 49 and 81 69, all having seven rows and lap seams. An exceptional great value in a summer-wear skirt. A few fancy stuff. Nobles of all a tailor-made wide white Pique Skirt at 81 98, having the proper hang and a perfect fit. You'll miss some sensible skirt suggestions if you don't see our line.

Prettiness in Parasols!

Combined with great values and small prices is well illustrated here. We closed out a manufacturer's lot of Child's Parasols, made to sell at 50c, our price 19c. Some great bargains at 49c, 75c, 89c, and 81 19, all with silk covers and superb handles. A great seller is a two-section linen Ladies' Parasol with white silk cover and wide white and white spiral handle, worth 81 75, our price 81 98.

Windy Fans at Wee Prices!

Rather remarkable to bring them all the way from far-off Japan and sell 'em at such low figures. We have a great line of "Jap" Fans at 25c, 35c, and 50c. Colored and Black Fans in good sizes at 10c, 15c, and 20c. A few fancy stuff. Feather Fans reduced to 35c. Some of silk and satin with very trimmings at 50c. to 75c. We will cut you just to keep you.

She's up there—Old Glory—where lightning is spent.
She dazes the Nations with ripples of red;
And she'll wave for us living, or droop o'er us dead—
The Flag of our country forever!

She's up there—Old Glory—now bright the Stars stream!
And the stripes like red signals of liberty gleam!
And we dare for her living, or dream the last dream
'Neath the Flag of our country forever!

She's up there—Old Glory—no transient-dreamed-of
scars—
No hours on her brightness—no stain on her stars!
The brave blood of heroes hath crimsoned her bars—
She's the Flag of our country forever.

The young people of Maysville had a big time last night at Neptune Hall. It was a return dance given to the young bloods who have accented the buds to different functions this social season. The music was excellent and the weather most suspicious for a good time, which all surely did enjoy till a late hour. Many caperous lent their presence, and what decorations were lacking in growing plants and blooming flowers these merrymakers made up. It was a pleasant occasion.

ANOTHER HUNG JURY.

Two Mistrials in the Case of Mrs. John Dean—Will Another Follow?

Mrs. John Dean was charged in Police Court with keeping a disorderly house.

The first trial had had several days after the process was served, when a Jury of "six good men and true" after wrestling with the testimony for several hours, agreed to disagree and was discharged.

Thursday another Jury was summoned and at 9 o'clock that afternoon began a threshing of the same old straw.

The trial lasted till 8 o'clock, after which the Jury wrangled till 11 when the Judge sent it to bed.

At 9 o'clock yesterday morning it adjourned business long enough to re-form till 7 p. m.

From the latter hour until 9:30 there were persistently argued pro and con behind closed curtains, until human nature gave way under the strain.

As there was no more chance of agreement than there is of the Spaniards capturing Serbia, Judge Wadsworth discharged the Jury with many thanks. Will the farce be repeated?

THE BUYERS GUIDE

Deering Binder

Price

The Deering is a safe time to hitch to. In buying a Self Binder one should study the matter carefully and select the best machine. Any make of binder will cut wheat, they all do that; but there is one machine that will cut wheat, rye, oats, barley, millets, bluegrass, timothy, etc. Standing up or laying down flat, long or short, heavy or thin, on level, rolling or hilly as step as a roof. This machine is the Deering. Condition of grain or land makes no difference to this machine's binder. Get your money's worth.

WEDNESDAY, JUNE 1st, 1898,

THIS YEAR'S GRAND PICNIC AND DELIVERY DAY.

Upon this day all who have this year purchased a Deering Machine are expected to spend the day in Maysville and thoroughly enjoy themselves at John I. Winter's expense. We trust that all our customers will take advantage of this day to haul out their machines, for on this day we will pay all toll coming and going and care for man and beast the entire day. There will be plenty to eat for man and beast. Your entertainment the entire day will be with our compliments and at our expense. I trust that all of our customers will take advantage of this day to haul out their machines. Get in the procession just behind the band and help us to have a good time. Oh, yes; the band will be there! Remember, the date of this year's Picnic, Delivery Day and Banquet is Wednesday, June 1st, 1898. All of this year's purchasers of Deering Machines are expected.

The Times-Star gives some interesting figures and facts as to the cost of war. To the layman, it says, the task of providing a war revenue is seemingly an ordinary affair.

Trades against the debates and the bills in Congress are to be heard from the self-appointed critics in street corners, on street corners, in almost every public place. It is not so easy to the financiers of the Government. They begin at the beginning and are immediately made to realize that it is not so easy as it looks.

The man who knows all about what should be done, without stopping to consider what the Government is trying to do, does not allow his mind to be occupied by such superfluities as trying to find out what there is to do. War revenues means to provide funds to conduct the Government as if on a peace basis and in addition to meet the expense of maintaining the country on a war footing. Just to obtain a slight idea, think of raising \$30,000,000 a month to meet the expense of keeping the Navy in such a shape as to be useful as well as ornamental. Add to this \$30,000,000 pay of the additional soldiers every month and \$500,000 more for the additional officers, and try and estimate what it costs to feed an army of 200,000 men. Then get a railroad map and figure the cost of transportation from place to place. Count the cost of horses and mules purchased at an average price of \$150 each for the officers, cavalry, artillery and supply wagons and the cost of their maintenance. The value of harness, saddles and bridles may be guessed at in reaching a conclusion. Let the critics consider that it costs not less than \$50 to uniform and equip each of the 200,000 men in the field and—well, about this time the critic will want to stop and allow the Government officials an opportunity to earn their salaries by relieving him of the task of providing ways and means to meet the additional expenditures.

About \$50,000,000 a month is thus being put into circulation right here in the United States. We as a people are able to care and provide for the emergency unaided by any other country. What other Nation could do this; could escape depending on American wheat, cotton, meat, corn, arms, cloth, horses, mules, almost everything needed to maintain an army and a navy?

One Mispick is not long, yet relief is obtained in half that time by the use of One Minute Cough Cure at Newport, new days ago on the charge of diphtheria conduct. Miss was dead \$50 and costs and the young Miss was given a suspended sentence upon condition that she leave that city instantly.

was received Monday, Tuesday and Wednesday, May 9th, 10th and 11th, 1898, by JOHN I. WINTER, THE PRICE FIGHTER. There was \$50,000,000 (thirty million) feet in the shipment, and every foot of it is the justly famous Deering Pure Sial. Every one wants, demands and will have no other binder after using Deering Pure Sial. None of us are too old to learn. If your neighbors are using a better article than you are, surely you wish to know it. The demand for Deering Pure Sial has become so great that we were compelled to this year buy 30,000,000 feet to accommodate the wants of our customers. Now, listen: Every inch of this binder is tested at a much higher tension than any binder requires in type; while in other makes of binder only 100 feet out of every 50,000 feet is tested. Deering Pure Sial is made of extra long (extra) strands of Pure Sial Fiber, which permits of very fine spinning, thus producing more bundles to the pound than any other binder in the world. To make a long story short, I offer the following: Take out a lot of Deering Pure Sial Binder Twine, try it, and if you don't find that it will bind an acre of wheat with less pounds than any other twine made, if you don't find that it is the strongest twine made, if it is not the best twine that you ever used, you will please return it and every cent of your money will be refunded. Surely, that's fair. You are to be your own judge. Say, I "save you big money on twine." I bought my twine some time since when it was selling below the cost of production. Twine has advanced ever since. I am willing to give my friends and customers the advantage of my judicious purchase. I am buying Binder Twine, Farm Wagons, Farm Implements, Mowers, Hay Rakes, Self Binders or Furniture it always pays to consult The Price Fighter.

Kidney Diseases

CURED THAT HAD BEEN pronounced incurable.

Mr. C. A. Sullivan, a merchant of Tampa, Fla., writes: **FOLEY'S KIDNEY CURE** is meeting with wonderful success. It has cured cases here that physicians pronounced incurable. I, myself, am able to testify to its merits. My face to day is a living picture of health, and your Kidney Cure has made it such. I had suffered twenty-seven years with the disease, and to day I feel ten years younger than I did one year ago. I can obtain some wonderful certificates of its medical qualities.

Mr. McDaniel is very ill with mumps at this writing.

W. Myall of Mayville is visiting his son, J. W. Myall.

John W. Mills and wife are visiting friends at this place.

Mr. and Mrs. Ray of Mason county are visiting their daughter, Mrs. McDaniel.

Rev. Morrison and Samuel McCori were trying their skill on the flinty tribe in Fleming Creek one day this week.

Miss Blanche Victoria Hudson, who is being educated by Hon. William H. Cox at the Millersburg Female College, will be one of the graduates from that institution this year.

The human machine starts but once and stops but once. You can keep it going longest and most regularly by using DeWitt's Little Blue Pills, the famous little pills for constipation and all stomach and liver troubles. Henry W. Ray, adjoining Postoffice.

Elephants in the Indian army are fed twice a day. When meal time arrives they are drawn up in line before a row of piles of food. Each animal's breakfast includes ten pounds of raw rice, done up in five two-pound packages. The rice is wrapped in leaves and then tied with grass. At the command "Attention" each elephant raises its trunk and a package is thrown into its capacious mouth.

Whooping cough.

I had a little boy who was nearly dead from an attack of whooping cough. My neighbors recommended Chamberlain's Cough Remedy. I did not think that any medicine would help him, but after giving him a few doses of that remedy I noticed an improvement, and one bottle cured him entirely. It is the best cough medicine I ever had in the house.—J. L. Moore, South Burgetown, Pa. For sale by J. J. Wood, Druggist.

Having been bothered a good deal by hay fever a Coddington county, S. D., farmer lay in wait for them one night. One of his neighbors came along and loaded a wagon with the watcher's hay and started to drive away. The owner of the hay crept up behind the wagon and fired the hay in several places. The thief had just time to get off the load and cut his horses loose to escape the flames. The hay and the wagon were destroyed.

H. E. Parker, Sharon, Wis., writes: "I have tried DeWitt's Witch Hazel Salve for itching piles and it always stops them in two minutes. I consider DeWitt's Witch Hazel Salve the greatest pile cure on the market." Henry W. Ray, adjoining Postoffice.

Some People Think

that because we sell Steinyway Pianos, we sell nothing else, and that we necessarily pay a high price if they buy of us.

They are Mistaken

for we have other high grade pianos such as the **Hazleton, Smith & Barnes, Gabler, Kutzman, etc.**, superior in touch, tone and finish at prices most moderate. We offer intending purchasers greater variety and better value, dollar for dollar than any house in the West.

If you can not come, write for full information.

THE MAYSVILLE MAN.

He is Everywhere on the Face of Earth—And Then Some!

ONE TURNS UP IN BEHRING SEA.

That the Maysvillian is found wherever civilization has gone is a truth no one will gainsay. We herewith give our readers a portion of a letter written by Mr. William Johnson to his mother, Mrs. James A. Johnson of West Fourth street. Will is now in Alaska, more properly upon St. Paul Island, Behring Sea. He has a fine position with the Company which leases the island for sealing purposes.

The letter bears date of March 23d, 1893. He says:

My Dear Mother: Although three months will elapse before our steamer arrives, I will write just a few lines and tell you some things about our life here on the island. Of course it has not been very lively for us this winter, but nevertheless the time has passed very quickly. There are six white men on the island, the Superintendent of the Company, the United States Treasury Agent, the doctor, the steward, the teamster and myself. The Company house is a very nice one, very well furnished. We have a Chinese cook, also one who waits on the table and does the laundry work. A native servant takes care of the house and does quite well. There are about 300 natives on the island, nearly all of them are Aleutians, some few being Russians. They have their school and church, and are all members of the Greek Church. They are very devout in their worship.

I saw a wedding in the Church last November. They have no place upon which to sit, the congregation standing, the men on one side, the women on the other. The bride and groom stand upon a handkerchief during the greater part of the ceremony which lasts about one hour. It is very interesting.

Just now they are observing the Lenten period. Every one of them is required to eat aside a week for their confession. The Church—it is beautiful and has many handsome candlesticks and paintings of the saints. Their custom to stand is observed by old and young, but is not regarded favorably by the whites, especially the doctor who looks after their health.

The natives have very nice three-room cottages, built for them by the Company. Before they lived in turf huts and dressed mostly in skins; now they are quite well advanced in civilization, and live just like any white family in the States. The natives are employed by our Company, working during the sealing season, making nearly enough to support them the year round. The Government, too, helps them out by giving them a small sum of money for each seal they bring in. The seal given into the hands of the United States Agent.

The seals leave the island about October and do not return till the last part of May—the mill takes place and sets for about six weeks. Ten years ago about 100,000 seals were annually slaughtered; now the herd is greatly diminished, and they do not get nearly so soon.

You would read some of the stories of St. Paul Island. Rudyard Kipling wrote a beautiful one called "The White Seal." Prof. David Starr Jordan of California was here last summer. He has since written a story called "Malta and Kotick." It tells quite a lot about life on the island.

We are more than anxious to get some news from the outside world. We have not sighted any ships this winter, indeed it was impossible for any to get up this far. The ice from the Arctic Ocean surrounded us for some time, but our winter has been no worse than some we have had in the States. During the summer the sun rises about 3 a. m. and sets about 9:30 p. m. We expect a number of persons on our steamer, a greater part of whom will stay all summer. The monetary will be somewhat relieved by their presence. We are expecting the Revenue Cutter Bear in a few days and I hope I shall have an opportunity to mail this and that I will get some news from home and friends.

Affectionately your son,
WILLIAM JOHNSON.

Late in bed and ready to retire, prepared a man for his home in the sky. Early in the bed and a little earlier, the pill that makes life longer and better and wiser. Henry W. Ray, adjoining Postoffice.

The reader of this paper will be pleased to learn that there is at least one disease that someone has been able to cure in all its stages, and that is Catarrh. Hall's Catarrh Cure is the only positive cure known to the medical fraternity. Catarrh being a constitutional disease, requires a constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly on the blood and mucous surfaces of the system, thereby destroying the foundation of the disease, and giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in its curative powers that they offer One Hundred Dollars for any case that it fails to cure. Send for full information. Address:
